Web Developer

Full-Stack Developer | Mobile Developer | Web Designer

I began programming on September 1, 2022, and I've developed a passion for web development. I enjoy creating entire websites, from the front-end interface to the back-end systems. I've created CRUD applications like E-Commerce and Appointment mobile apps, and I'm excited to use my skills to build more user-friendly and visually appealing websites.

WORK EXPERIENCE

Kho Veterinary Clinic – *Daet, Camarines Norte*   10/15/2023 – 06/29/2024
Full-stack Developer

Responsible for developing a web application for the admin side of Kho Veterinary Clinic, managing inventory and records of products, appointments, admins, clients, and general records. Also created mobile application for scheduling appointments, making emergency calls, and accessing customer service.

- Developed and implemented a MERN stack web application for managing inventory, resulting in improved efficiency in tracking and managing products.
- Designed and developed a mobile application for scheduling appointments, leading to a more streamlined appointment booking process using expo React Native.
